DETAILED ACTION

Allowable Subject Matter

Claims 1, 3-14 and 16-21 are allowed.

The following is an examiner's statement of reasons for allowance: As noted in the interview summary from 10 March 2010, the prior art of record (in particular Hammerich) fails to disclose the newly added limitations of claims 1 and 14. In particular, the relaxation rate of the Hammerich reference is greater than the modulation frequency as opposed to lower than the modulation frequency as is claimed. As all dependent claims ultimately depend from either claim 1 or 14, they are deemed allowable for similar reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to MARK SHABMAN whose telephone number is (571)270-3263. The examiner can normally be reached on M-F 8:00am - 4:30pm, EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron Williams can be reached on (571) 272-2208. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
